A Complete Food for your Adult Dog

This kibble has been specially formulated for the senior canine because it contains glucosamine, MSM and chondroitin sulphate which help to promote joint repair and mobility. The product provides a complete diet of which is hypoallergenic because it was formulated without wheat or wheat gluten. It contains a full complement of vitamins and minerals and has the added benefit of omega-3 and 6, zinc and biotin which act to promote a healthy skin and coat. Importantly, it has the correct ratio of protein to fat to ensure a low calorie content which acts to prevent weight gain.
